

FEATURES AND BENEFITS

Certified Organic

Country Junction organic feeds are certified by Pro-Cert Organic Systems™. They are made using certified organic commodities and only organic approved micro-ingredients. Organic commodities are non-GMO varieties and are not treated with chemical pesticides.

Nutritionally Balanced

Formulated to provide protein, energy, vitamins and minerals in an optimal balance to meet the animal's nutrient requirement at each life stage.

No Animal By-Products

Our organic feeds are formulated with whole grains and vegetable proteins without the use of animal by-products.

17% Organic Layer

Feed Form: Crumble | **Product #:** OP30000B

**This feed contains added selenium at 0.3 mg/kg.*

Guaranteed Analysis

Crude Protein (Min.)	17.0%	Sodium (Actual)	0.17%
Crude Fat (Min.)	3.0%	Vitamin A (Min.)	13,000 IU/kg
Crude Fiber (Max.)	6.5%	Vitamin D3 (Min.)	5,000 IU/kg
Calcium (Actual)	3.75%	Vitamin E (Min.)	150 IU/kg
Phosphorus (Actual)	0.65%		

Feeding Directions

17% Poultry Layer is designed to be fed to layer hens from approximately 5% lay to end of lay. This diet is intended to be fed at approximately 95 - 120 grams per hen per day. The exact feeding rate will be determined by the strain of bird, body weight and condition and barn temperature. Oyster shell or insoluble grit should be sprinkled on the feed once a week at the rate of 0.5 to 1.0 kg per 100 birds. Allow hens' access to fresh water at all times.

ORGANIC FEEDS

Country Junction Feeds has been making certified organic feed since 2007. Continuous improvements to the production system as well as frequent new additions to the organic line have made it possible for us to give the best product and service to our Organic customers.

Certified by:

17% Organic Poultry Grower and Finisher Ration

Feed Form: Crumble | **Product #:** OP11000B

**This feed contains added selenium at 0.3 mg/kg.*

Guaranteed Analysis

Crude Protein (Min.)	17.0%	Sodium (Actual)	0.17%
Crude Fat (Min.)	3.0%	Vitamin A (Min.)	13,000 IU/kg
Crude Fiber (Max.)	6.5%	Vitamin D3 (Min.)	5,000 IU/kg
Calcium (Actual)	1.0%	Vitamin E (Min.)	75 IU/kg
Phosphorus (Actual)	0.6%		

Feeding Directions

Organic 17% Poultry Grower should be fed as the sole ration to either growing broiler chickens from 3 wks of age to market weight or to replacement laying chicks from 7 to 18 weeks of age or until the first egg is produced. Can be fed to ducks and geese from 4 weeks to market. May also be fed to finishing turkeys and game birds from 11 weeks to market. Oyster shell or insoluble grit could be sprinkled on the feed once a week at the rate of 0.5 to 1.0 kg per 100 birds. Allow birds access to fresh water at all times. Laying Pullets will eat approximately 6-7 kg of grower between 7 and 18 weeks of age, depending upon the strain and housing conditions. Meat birds will eat about 6-7 kg of grower between 3 and 8 weeks of age.

20% Organic Chick Starter

Feed Form: Crumble | **Product #:** OP10000B

**This feed contains added selenium at 0.3 mg/kg.*

Guaranteed Analysis

Crude Protein (Min.)	20.0%	Sodium (Actual)	0.17%
Crude Fat (Min.)	3.5%	Vitamin A (Min.)	13,000 IU/kg
Crude Fiber (Max.)	6.5%	Vitamin D3 (Min.)	5,000 IU/kg
Calcium (Actual)	1.1%	Vitamin E (Min.)	75 IU/kg
Phosphorus (Actual)	0.7%		

Feeding Directions

20% Organic Chick Starter should be fed as the sole ration to chicks up until 3 weeks of age for broilers or 6 weeks of age for replacement layer pullets. May also be fed to ducks and geese to 3 wks of age as well as turkeys and game birds from 5-10 wks of age. Oyster shell or insoluble grit could be sprinkled on the feed once a week at a rate of 0.5 to 1.0 kg per 100 birds. Allow chicks access to fresh water at all times.

- Replacement layer chicks will eat about 1 kg of starter in 6 weeks.
- Broiler chicks will eat about 1 kg of starter in 3 weeks.

23% Organic Backyard Turkey Starter

Feed Form: Crumble | **Product #:** OP10710B

**This feed contains added selenium at 0.3 mg/kg.*

Guaranteed Analysis

Crude Protein (Min.)	23.0%	Sodium (Actual)	0.18%
Crude Fat (Min.)	5.0%	Vitamin A (Min.)	13,000 IU/kg
Crude Fiber (Max.)	6.0%	Vitamin D3 (Min.)	5,000 IU/kg
Calcium (Actual)	1.4%	Vitamin E (Min.)	125 IU/kg
Phosphorus (Actual)	1.0%		

Feeding Directions

23% Organic Backyard Turkey Starter should be fed as the sole ration to turkey poults up until 7 weeks of age. May also be fed to ducks, geese and game birds up to 4 weeks of age. Oyster shell or insoluble grit could be sprinkled on the feed once a week at a rate of 0.5 to 1.0 kg per 100 birds. Allow poults access to fresh water at all times.

- Turkey hen poults will eat 4-5 kg of starter in 7 weeks.
- Turkey tom poults will eat 5-6 kg of starter in 7 weeks.

19.5% Organic Turkey Grower

Feed Form: Crumble | **Product #:** OP20700B

**This feed contains added selenium at 0.3 mg/kg.*

Guaranteed Analysis

Crude Protein (Min.)	19.5%	Sodium (Actual)	0.18%
Crude Fat (Min.)	5.5%	Vitamin A (Min.)	13,000 IU/kg
Crude Fiber (Max.)	6.0%	Vitamin D3 (Min.)	5,000 IU/kg
Calcium (Actual)	1.2%	Vitamin E (Min.)	75 IU/kg
Phosphorus (Actual)	0.8%		

Feeding Directions

19.5% Organic Turkey Grower should be fed as the sole ration to turkey poults from 7 weeks of age through 12 weeks of age or to market weight. Follow with 17% Poultry Grower/Finisher as per the label. Allow poults access to fresh water at all times.
